

New beautiful designer WAVE™
Dispenser with an amenity window!

WAVE™
with a
VIEW

The new liquid level indicator window allows you to quickly see when amenities need filling.

A beautiful way to SEE the end of waste!

The new **WAVE VIEW** Dispenser is everything you have asked for!

Beautiful designer locking dispenser that includes a liquid level indicator
for the bottles that are filled with either a bulk liquid amenity program
or prefilled disposable liquid cartridges!

WAVE III View Dispenser with
Satin Silver housing

WAVE III View Dispenser with
White housing

WAVE III View Dispenser with
Black housing

Plus! If you don't like OUR view you can create your OWN view!

Dispenser Amenities has become the world leader in exquisitely designed,
superior quality Dispensers for Guest amenities!

Please join us in our Worldwide War on Waste!!

No matter the color of your Dispensers, they're **GREEN**™
