marine botanicals | Our carefully selected seaweeds satisfy the skin's need for natural nourishment. Thriving in a protective underwater ecosystem, marine botanicals absorb a rich concentration of vitamins and minerals to moisturize and rejuvenate the skin.

sea minerals | Cultivated from mineral-rich European shores, these essential elements naturally replenish and purify. Our signature Sea Mineral Complex, a unique blend of sodium, potassium, magnesium and calcium, swiftly transports moisture and nutrients to the skin.

plant extracts | Land-based botanicals complement our sea-sourced formulas, enhancing their power to heal, energize, protect and soothe. We extract the most beneficial varieties from nutritive soil to enrich our therapeutic skincare and body treatments.

The Nature Conservancy 
Protecting nature. Preserving life.™

Dispenser Amenities is proud supporter of the Nature Conservancy of Canada

We are committed to the future of saving valuable land resources throughout Canada. In particular Pelee Island and the research center, this island provides a haven for many endangered species endemic to the island, plus an important flyway for migratory birds in the spring.

plasticpollutioncoalition

Dispenser Amenities is the proud supporter of the Plastic Pollution Coalition.

Our combined efforts hope to eliminate much of the single use little plastic amenity bottles from the waste stream both on land and sea.

GLOBAL SOAP™
RAISING THE BAR ON WORLD HYGIENE

Dispenser Amenities is the proud supporter of the Global Soap Project.

2.6 million little bars of hotel soap thrown away by US hotels each day, these are collected and recycled and redistributed, saving 1.6 million lives of children by effective hand washing promotions.

Please join our global war on waste, a portion of every dollar you spend with us helps make a difference!
